SUSTAINABILITY PRINCIPLES COMPLIANCE POLICY

Within the framework of compliance with the Corporate Governance Principles and Sustainability Principles of the Capital Markets Board, while creating economic value for our stakeholders, we also prioritize our responsibility to the environment, society and the future.

While conducting sustainability activities, our company supports economic development in order to improve the quality of life of the society, to follow environmentally friendly policies in all its activities, to support various projects prepared for social and cultural purposes in this direction, by internalizing transparency, fairness, accountability and responsibility, which are the basic principles of corporate management education, health, environment, culture etc. It pays attention to providing valuable services in all areas, supporting social development in all business processes, and encouraging efforts to increase employee awareness by taking part in social responsibility projects with its employees.
